Kandu Beads is now located at the Watch Factory Shoppes, 116 Elm Street, Cheshire, CT , 203 439-8689

**Saturday, February 27, 2016**  
***Faux Chinese Cinnabar Pendant***  
**Time: 2:00-5:00**

Ancient Chinese "Cinnabar" is the art of etching ornate designs into the natural, red Cinnabar mineral. When the natural mineral was much later to be found unsafe to humans, the popular style was then recreated using wood and lacquer. In this class, Diane Villano will help us create our own Cinnabar-like pendants using Polymer Clay. Fee \$60 (*Class materials sold separately*)

This is an additive technique; you won't need to know any fussy carving skills, which will impress the heck out of your friends!

**Saturday, March 26, 2016**  
***Faux Bone Polymer Clay Pendant***  
**Time: 2:00-5:00**

You won't believe this isn't real bone! Learn how to make polymer look exactly like a natural bone pendant! Fee \$65 (*Class materials sold separately*)

### **Christy Sherman:**

**Saturday, January 23, 2016**  
***Critters Workshop***  
**Time: 10:30 am**

Clark Memorial Library  
 7 Pinehurst Dr.  
 Carolina, RI 02812

This will be a low key demo and play session. Christy will demonstrate how to make lizards, but everyone can make whatever they'd like. The class will be about an hour. Baking the critters will take another 40 minutes or so afterwards, so you can either hang out at the library or pick up your baked critters another day. It's a lot of fun. Sign up at the Clark Memorial Library.

**Saturday, March 12, 2016**

***Magpie Eclectic***

**Time: 10 am – 2 pm**

Wickford Art Center, Wickford RI

Sign up at: <http://www.wickfordart.org/art-classes-current.html>

Embrace your inner magpie, and dig out all your treasures. String a necklace or bracelet out of a bit of this and a bit of that and then add some wire to hold it all together. Asymmetry and mixed media are encouraged, but you can use the same techniques to make more traditional designs.

We will cover a variety of techniques such as making your own custom clasps, wire spirals, links, and connections between chains, beads, fiber, ribbon, leather and wire. You'll also learn how to use findings such as headpins, eye pins, jump rings and ear wires.

This is a great starting point for anyone who wants to make or mend your own jewelry, or for anyone who wants to learn connection techniques for mixed media. No experience necessary.

\$50 Members / \$85 Non-members, \$25 Supply fee

Kudos!

Congratulations to Christy Sherman, category winner and Grand Prize Winner of Fire Mountain’s Creative Clays contest.

To borrow any items from the Guild Library, please email your request to:  
Debbie Goodrow at [DGoodrow@gmail.com](mailto:DGoodrow@gmail.com)

Simply browse through the library list and email Debbie the ID numbers for the books and/or DVDs you wish to borrow.

(Please note that you MUST sign out all media with Debbie before taking them, even if they do not have a sign out card attached. Thank you)

Did you enjoy the DVD you watched? Hated it? Thought the book you took out was helpful? Write a short review (approx. 50-200 words) to let other members know what you think and submit it to: Debbie Goodrow at [DGoodrow@gmail.com](mailto:DGoodrow@gmail.com)

Not comfortable writing the review, well Debbie has offered to help. Just email her your thoughts, what you liked, didn't like, and any anything else you specifically wanted to say. It only takes a few minutes, doesn't have to be long, and is a great way to participate even if you can't attend the meetings.
