Take Note!

Volunteer Position Opening

The SCPC Guild is looking for a volunteer to be our Bottles of Hope Coordinator. Position may be shared. We have a Hotmail email account and emails will need to be answered, bottles sent and received, and delivered to facilities (or given to Debbie Goodrow). This is an “outreach” opportunity. BOH workshops can be set up. We have the bottlesofhope.org website that can be actively managed if you desire. Please email Sharon sharchar@gmail.com

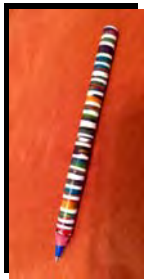

SECTIONS YOU MUST CHECK OUT:

WHAT TO EXPECT:

A relaxing, inspiring weekend filled with fun, friendship and all things polymer clay. Set up your tools and play. Feel the creative spirit. It doesn't matter if this is your first retreat or you've come to them all, the atmosphere is friendly, welcoming and sharing. Create, relax, play, share, learn, shop and have fun!

HIGHLIGHTS:

Check our Facebook page www.facebook.com/scpcg.org for more updates as we get closer to the retreat:

Freedom Swap: We are getting a bit tired of swapping 1-inch tiles, so this year you are free to swap whatever you'd like, even 1-inch tiles.

Retreat Marketplace: A showcase space to sell your stuff. More details to follow.

Thursday Evening: Welcome Reception "Wear Your Work or Your Favorite Outfit" - wine, beer & soft drinks provided. Dress up and wear your work or a piece by one of your favorite polymer clay artists! Let's show off our beautiful work while meeting and catching up with the other artist attendees.

Ongoing Demos: Demonstrations of a variety of techniques will be held throughout the weekend, freely given by many of the retreat attendees. Demonstrations generally cover a wide range of techniques from beginner to advanced. Please consider giving a demo!

Massage Therapist available for extra pampering Friday and Saturday. Additional fee payable \$35 for a half hour, \$65 for an hour.

Friday Afternoon: Bottles of Hope Themed Challenge, more details to come

Friday evening free: We have not planned any special events for Friday evening to give you the option to leave campus and try out one of the many great restaurants in the area or perhaps visit nearby Mohegan Sun Casino. Or you can stick around and continue to play with clay!

Saturday Afternoon: The Auction – There is always an array of amazing items. Please consider donating something to the auction.

Saturday Evening: Left Center Right Poker, a simple passing game using polymer clay poker chips (make 3 per game, 9 at the most). A simple and silly game. Adult beverages will be provided for those who are interested.

Sunday: Bottles of Hope Challenge – Bottles will be available throughout the weekend. Help us with our ongoing project and make a bottle or two or more. If you'd like, please enter your bottles in our fun Bottles of Hope Challenge. There will be ribbons awarded in a variety of fun and creative categories. Bottles will be distributed to area cancer patients after the retreat.

And LOTS more! We are still planning

WHAT TO BRING:

Polymer Clay Tools and Supplies: Bring the tools and supplies you feel you need to play with polymer clay throughout the weekend. For some people that can mean transporting a nearly complete studio, but that's not required. Definitely bring the basics: clay, work surface, pasta machine, motor if you've got one, blades, needle tool, cutters, notebook and pen for the demos, tile or card stock to bake on. A task light and power strip are helpful.

Beyond that bring whatever you feel you'll need to create. Remember, if you've forgotten anything, you will be in a room full of polymer clay enthusiasts who will be happy to share. Bring some of your own work to show off! Retreat attendees are welcome to sell any of their own work from their work space. You are responsible for any and all tax collection and reporting.

For the dorm room: Linens are supplied by the college (sheets and towels), but there are a few comfort items you might consider bringing.

- An extra towel if you'd like one
- Your own pillow
- An inexpensive twin size foam mattress topper (or whatever else you need to make the basic college dorm mattress more comfortable). Hint: If you bring a twin fitted sheet from home you can just slip it and the foam pad over the sheet already on the bed and not have to completely strip the bed. Plus it prevents that awkward situation where the sheets come un-tucked and you're sleeping on the bare plastic mattress.
- A blanket – when the college cranks up the air conditioning prior to arrival it can make the dorms clammy and downright cold. Bring along a blanket and you'll be more comfortable.
- A robe and shower shoes (remember the shared dorm bathrooms)

QUESTIONS: If you have any questions or need further information, please contact Sharon Mihalyak SharChar@gmail.com or Libby Mills Libzoid@gmail.com

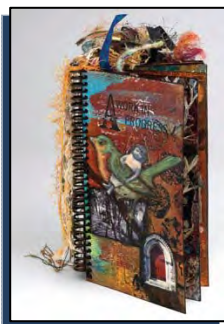

Newtown Arts Festival

On September 17 and 18 is the fifth annual Newtown Arts Festival. I am involved in the planning this year and will be running a weekend long tent called "Make". There will be an exciting rotation of guided arts and crafts all weekend for all ages. I would LOVE to have a Bottles of Hope workshop! So please think about who would like to run that. We can supply volunteers to help.

During our May meeting Libby told us about a Laser Thermometer she purchased. It is a hand held device that she points at the oven and it will give her an accurate reading to ensure her polymer clay pieces are baked properly.

Libby sent us a link: Amazon: http://www.amazon.com/Etekcitey-Lasergrip-1080-Non-contact-Thermometer/dp/B00DMI632G/ref=cm_wl_huc_item

Cat sent us a link to making handmade books:

Classes

Jana Lehmann:

Teaching at [Valley Arts Council](#) in [Derby, Connecticut](#)

Saturday, June 25 - 26th, 2016

Saturday is *Patterns & Pendants*, Sunday is *Patterns & Earrings*

Time: 10:00 – 5:00 pm

Lynne Ann is proud to be hosting 2 one day classes for her friend and fellow polymer clay artist Jana Lehmann, of Stuttgart, Germany. Jana will be teaching these classes on what may be her only trip to Connecticut. Learn her wonderful pattern technique that does NOT involve caning! Be amazed by her flawless finishing. Her whimsical sense of style combined with attention to detail and finishing will have you thinking of her work as "Kim Korringa meets Dan Cormier", if you can imagine that!

Come one day or both, there will be different patterns taught on Saturday and Sunday. Saturday is Patterns & Pendants, Sunday is Patterns & Earrings.

The cost for one day is \$85, Come for both days for \$160

Seating is very limited!

There may be a modest materials fee.

Free-hand Designs with Repel Gel Time: 9 am - 2 pm

Repel Gel is an amazing product that will allow us to create designs on beads leaving some spaces colored while others remain untouched. Participants will learn to use Repel Gel for making designs on both baked and unbaked clay beads of their own making. We will explore geometric designs such as African "mud cloth" patterns, as well as light and airy swirled designs.

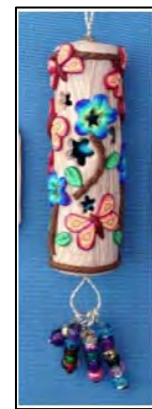

Materials: Students will need a pasta machine, a glossy work surface and a tissue blade. White, cream or beige Clay is also needed. Alcohol inks in black, brown, and colors of student's choice. Items such as clay (\$2 per package) will be available for purchase at instructor's cost, if desired. Instructor will have some inks for sharing.

Saturday, July 16, 2016
Hollow Tubes or Beads with “Sound” Time: 9 am - 2 pm

Learn to make a hollow horizontal bead or vertical cylinder to use as a pendant or a lamp or fan pull or earrings or We won't stop there, though. We will also learn how to make your bead jingle with sound. This is a fun and fascinating project that should spark other ideas. Materials Costs: Students will need a pasta machine, a glossy work surface and a tissue blade. Clay is also needed in colors of the student's choosing. Items such as clay (\$2 per package) will be available for purchase at instructor's cost, if desired.

Exploring Swirls and Snail Shell Designs
Time: 9 am - 2 pm

Here is a perfect project for those lazy, hazy summer days of August. Participants will learn to make a couple of different canes that simulate the wonderful swirl on snail shells. Slices from these canes can be used in a wide variety of ways. For added fun, we will also make some 3-dimensional snail shells. These can be small, large, or somewhere in-between, and can be used in a variety of ways. Materials Costs: Students will need a pasta machine, a glossy work surface and a tissue blade. Clay is also needed in colors of the student's choosing. Items such as clay (\$2 per package) will be available for purchase at instructor's cost, if desired.

Guild Library

To borrow any items from the Guild Library, please email your request to:
 Debbie Goodrow at DGoodrow@gmail.com

Simply browse through the library list and email Debbie the ID numbers
 for the books and/or DVDs you wish to borrow.

(Please note that you MUST sign out all media with Debbie before taking them,
 even if they do not have a sign out card attached. Thank you)

Did you enjoy the DVD you watched? Hated it? Thought the book you took out was helpful? Write a short review (approx. 50-200 words) to let other members know what you think and submit it to: Debbie Goodrow at DGoodrow@gmail.com

Not comfortable writing the review, well Debbie has offered to help. Just email her your thoughts, what you liked, didn't like, and any anything else you specifically wanted to say. It only takes a few minutes, doesn't have to be long, and is a great way to participate even if you can't attend the meetings.
