Bottles of Hope:

We have a new video up on the bottlesofhope.org website. The video was taken at the Stamford Library BOH Workshop given by Carole Monahan and Debbie Goodrow (assisted by Sharon Mihalyak) The old video on the website was lost/link broke. We will be doing some more recording for a "how to" make bottles of hope.

Carole Monahan is participating in a show at Ferguson Library, a mini comic con. She has been making Steampunk items such as corset pins and goggles.

**Polymer Clay & Beading Guild
Photography Guild**

March 18 ~ April 2, 2017

Reception: Sunday, March 19, 2 - 4pm

Gallery Hours: Tuesday ~ Friday &
Sunday 12-4 • Saturday 10 - 4

The artists in this exhibit communicate the visual and dimensional worlds that they have imagined in photographic images or in objects of adornment and contemplation. Whether on a once-in-a-lifetime trip to a faraway location or a neighborhood stroll, deep in the heart of the natural world or face to face with human culture and history --- these artists both look and see, and then reimagine the seen into deeply personal creations.

You'll see new and exciting work from members of both Guilds, as well as collaborative cross-Guild projects that use photographic images as inspiration, or incorporate photographic images into three-dimensional objects. You'll also learn about a variety of image transfer techniques for polymer clay.

Many of the gallery pieces are available for sale. In addition, a Gallery-to-Go section includes items available for immediate purchase.

Sculpt a Dragon from Christy Sherman ~ 10 am - 3 pm

This workshop will be an in depth exploration of all things dragon as we sculpt one in relief. We will work in polymer clay, and cover different techniques to sculpt, model, and texture the dragon. Relief sculpture is a marvelous combination of 2 and 3 dimensional techniques, drawing and sculpting at the same time. This is a great starting point for anyone who wants to try sculpting or polymer clay. No experience needed, and techniques will apply to any sculpting project you do, not just dragons.

\$100 Members \$135 Non-members \$25 Material fee - All materials included

(NOTE - for anyone who's already into polymer clay, let me know if you'll be attending. I can send you the materials list so you can waive that fee.)

Easter Egg Pin ~ 10 am - 1 pm

Remember those charming European sugar eggs the Easter Bunny would leave in your basket? Invoke that childhood memory in a pin you'll be proud to wear. If available, bring your standard polymer clay tool kit and small shape cutters. I will supply everything else including polymer clay, glue, glitter and jewelry findings. Class fee: \$36.

Review: I have taken this class and it is fun and light hearted. I also learned a few of Diane's secret techniques. I highly recommend it. – Michelle Pini

Surface Embroidery with Polymer ~ 9 am - 2 pm

Embroidery with needle and thread can take a while. With polymer, we're able to produce the same effect, and it's fun! Come learn how to embroider with clay. This process uses tiny amounts of clay, on a clay base, and the end result is lovely. Participants will need clay in your choice of colors, pasta machine, glossy work surface, sharp tissue blades, knitting needle, tapestry needle or toothpicks, jewelry findings if you wish, and other clay tools of your choice.
