# Disk Earrings, new design, new innovation

Marie Segal

We will complete several different techniques, foils, translucent cane, sutton slice, foiled clay, dome making wire construction and design

I will bring the wire.

Bring clean pasta machine, sharp thin blade, small diameter double ended knitting needle, basic kit, round cutters 1 1/2" to 3/16", square cutters same sizes to 3/8"

Cutters for stainless wire

Flat head pliers for wire

Rosary or round nose pliers

40-60 Watt light bulbs small bases (Dollar Store carries these, 4 for a dollar or two for a dollar)

Scrap clay to make the light bulb tool, you need about 2 ounces per bulb

Small 4" x 4" bathroom tile with a matt finish

Translucent, black, white, red, yellow, and blue, gold and silver

**All day class**

Cutters that can be used for this class.

Pliers and flush cutters to use for class.  
Light bulbs below.
