Tidbits from our February meeting:

Souffle does not ever buff up shiny. Ever.

Bake'n'Bend 50/50 with Premo = sturdy and very flexible. Like Marie Segal's knitted polymer.

Loctite Superglue Gel – is useable more than once, does not immediately after first use become solid.

CLASSES

Debbie Jaffe will be teaching her **Succulent Aromatherapy Mini Garden class** on March 21st at The Red Owl Jewelry and Gifts in Meriden, CT from 6-9pm.
