SCPCG September Challenge

- Create a piece inspired by one of the “Cool stuff to click on” links from the NAN (any of them) OR by any of the demos we have had. You may also find your own “cool thing to click on” and create a piece inspired by it.
- The piece must be new and made for this challenge only.
- It is up to you how you interpret the piece.
- It is up to you what you make.
- It must include polymer clay in some way.
- It is due for the September 14th guild meeting.
- This is the perfect opportunity to “turn on your lamp” and “let your light shine”!
- Have fun!

Weed Pots

One day workshop

These silly birds are bound to make you laugh. Display your favorite dried flowers in their heads as the crowning touch.

Gather your favorite canes and settle in to create your own sill weed pot.

I'll be showing you how to use serious scrap clay (the grey mud) for the base or fresh original white Sculpey.

You'll make your own feet cane and I'll show you how to make Stroppel canes to use in your pots, so be sure to set out your "good" scraps too.

Warning! These guys are addictive and once you start making them you might not be able to stop.
